## Rental Policies & Guidelines

---

**Thank you for your interest in renting from Main Street Rentals. There are a few qualifications that must be met before we are able to release the vehicle for a rental. They are as follows:**

1. Any person driving a rental vehicle must be 21 years of age or older. We do keep a copy of each driver's license (valid and current) on file while the rental is out.
2. Any driver of our rentals must have current, valid full coverage insurance (comprehensive and collision) on at least one of their personal vehicles. This is normally verified by having your insurance agent fax or email a copy of your declarations page to us directly (see contact info above.)
  - When renting one of our 12 or 15 passenger vans, it is normally recommended to verify with your agent that coverage will extend to these vans. If there is any question from the insurance company, all vehicles are under the 10,000-pound limit.
3. In order to secure the rental while the vehicle is out, we also require a major credit card be placed on file with us. This **CANNOT be a debit card** or linked directly with your bank. If desired, payment can be handled using a different payment method.
4. Payment must be made at the time of pickup unless being covered by insurance due to claim.

**While the rental is in your possession, please be advised that.**

1. There is **NO SMOKING** in the vehicle.
2. **NO PETS** are permitted in the vehicle.
3. Vehicle should not be returned in excessively dirty condition.
4. The vehicle is to be topped-off with fuel here **IN BLUFFTON** when it is returned.

**\*\* Failure to comply with these rules may result in refueling fees of \$25 plus cost of fuel, or cleaning fees up to \$250 \*\***
